

International Indian School, Jeddah I-II Boys' Section Earth Day 2016-17

Earth day was celebrated in the I & II Boys' Section on 21st April to spread awareness amongst the students to save environment. The programme began with the beautiful recitation of the verses from the Holy Quran followed by a Hadith and its translation.

The 'Earth Day Pledge' made the students think about their role in preserving the Earth and to reduce, recycle and reuse the resources to their best without any wastage.

A group song on 'Our Earth' was performed followed by a skit on 'Chipko Movement' which imparted the importance of the benefits of trees.

"The earth is one but one country, and mankind its citizen" Baha'i Writing
