

# Safety Awareness Programme

2016

*Protecting children from all the dangers of the world is a difficult process. The most effective way of protection is educating them to be aware of potential dangers, and teaching them ways to avoid those situations.*

*Safety awareness programme was executed by the students of the four houses, namely; blue, green, red and yellow. They put up a commendable show incorporating safety awareness amongst children.*

*Role playing was incorporated to help the students better grasp the idea of road safety and prevention from accidents*

*The students staged a variety entertainment programme with music and dance played to numbers such as Stranger Danger, Be responsible and Be Safe, Safety at School, Safety during recreation, Safety while travelling in the bus. Emphasis was laid on the dangers of children sleeping in the bus. Tips were given to the children to combat in emergency situations.*

*The skit "Say No to Strangers" was the hall mark of the programme. The following tips were imparted: -*

- 1. Do not accept gifts or sweets from strangers.*
- 2. Never leave the school with a stranger.*
- 3. First ask the stranger about the password that you have agreed up on with your mother.*
- 4. Children were urged to remember their mobile numbers and addresses.*
- 5. Safety rules to be followed to avoid accidents.*

*The message to reinforce safety habits among children was given out loud and clear.*

*Educating our children is an ongoing process and this is what will help safeguard them as they gain gradual independence*
